**FORECOMON 2026 - The 13th Forest Ecosystem Monitoring Conference:
Integrating Ground- and Remote Sensing-based Forest Monitoring for
Resilient forests: Opportunities and Challenges
and 42nd Task Force Meeting of ICP Forests,
4-8 May 2026 Dubrovnik, Croatia**

Welcome to Dubrovnik!

Dubrovnik is situated at the far south of the Republic of Croatia on the Adriatic Sea. It is called the Pearl of the Adriatic because of its astonishing beauty and the fact that it was a small city-state for centuries. You can take a walk through Stradun, stroll through Dubrovnik's mysterious narrow streets, and enjoy a cup of coffee on its stone-paved piazzas and squares. Visit the historical centre with its unique UNESCO zero category monuments – Sponza Palace with the State Archives, Rector's Palace, Cathedral, St. Blaise's Church, etc. More information about Dubrovnik can be found on web page of Dubrovnik Tourist Board: [Dubrovnik Tourist Board](#)

Come to the ICP Forests meetings in Dubrovnik to meet new colleagues, to catch up with colleagues you already know, to listen to interesting keynote talks, and to participate in lively discussions!
